CUTTING-EDGE FACILITIES

All of the Centers of Excellence that are co-developed between Ivy Rehab and HSS are held to rigorous standards of clinical excellence, continued education, patient outcomes, and patient satisfaction. So you can rest assured that this means you are receiving the best treatment with the most highly educated team, in a fun and friendly environment. We focus on you and work with you directly to develop a treatment plan that best suits your individual needs.

IVY HSS ORTHOPEDIC RESIDENCY PROGRAM

The Ivy HSS Orthopedic Physical Therapy Residency provides a structured and robust didactic curriculum to enhance clinical reasoning and advance skills while incorporating the most recent evidence-based practices. This program utilizes a blended delivery model for our didactic curriculum that includes online self-study modules, live online learning, virtual grand rounds, journal club, case review, independent study, and live in-person weekend courses that are to be completed throughout this comprehensive 12-month residency program.

IVY HSS SPORTS RESIDENCY PROGRAM

The Ivy HSS Sports Physical Therapy Residency is a one-year, full-time, clinically based program created to contribute to clinicians' professional development in the field of Sports Physical Therapy. Expert clinicians will serve as faculty mentors to guide each resident in developing advanced knowledge and clinical expertise throughout the residency program to help residents earn their ABPTS Sports Certified Specialist (SCS).
